PRESIDENT PAGE

In my capacity as President, Kohat Chamber of Commerce & Industry, Kohat (the ‘Chamber’) it gives me immense pleasure to present herewith **Performance Review Report- 2022** of the Chamber as true for the Fiscal Year 2021-22.

Although I have taken over realm of the Chamber from October, 2021 yet the review pertaining to a quarter period of my predecessor is fully owned by the undersigned since being an active part of the Chamber even during the said period. In fact, the undersigned is one of the most active hand since inception of the Chamber. It is worth adding that with a view to maintain consistency in policies, my preference remained to focus identifying difficulties being faced by the businessmen of Kohat Region in particular and KPK in general, and to find out ways and means to solve their snags in shortest possible period of time. Besides adopting specific and case2case basis measures for their respective business solutions, I have been able to organize a number of sessions of meetings well within the premises of the Chamber by inviting top-tiers from sectors relevant to the business community, directly or indirectly. Despite scanty financial resources, I am confident that the Kohat Chamber would see good days after successful accomplishment of Jand Interchange link Fatheh-Jang Kohat Road (N-80) which is operational (Section 5 Hakla Pindigap section D I Khan Islamabad Motorway) as a gateway for industrialization and the related trade activities. This was done primarily to maintain consistency of policies as referred to above.

Our achievements are narrated in a summarized manner in this report. I hope the readers would appreciate our performance.

Malik Muhammad Asad Khan
President

QUANTIFIABLE ACHIEVEMENTS

KTCCI is cognizant about its existence and has thus invariably extended value to its members. It is needless to reiterate that the Chamber works on local level to bring the business community together to develop strong local networks which can result in a business-to-business exchange aiming at to develop pro-business initiatives. During the year under review KTCCI has successfully supported its valued members both from trade & industry segments for achieving their respective goals and objectives. Amongst the services extended, following few services are worth quote.

2. MEETING TOP-TIERS OF GOVERNMENT

Under the overall guidance and support from FPCCI's top tiers, and other associate Chambers, the Chamber's president managed with his cabinet/executives committee holding meetings and sessions with high-ups of the Government. Some of the synopsis are provided below:

FINANCIAL STATE OF AFFAIRS

The audited financial statements for the year ended June 30, 2022 revealed that the Chamber has incurred a net deficit of Rs.(7,737/-) during FY 2021-22 (FY 2020-21 Rs. 37,994/-) despite gross increase in realization of the Members' Fees. Consequently, the Executive Committee had to contribute a sum of Rs. 423,849/- lac as Grant/Donation from within the house, in order to meet the fixed costs on account of personnel, operational and legal and professional charges.

The overall financial state of affairs as of June 30, 2022 stood as follows:

ASSETS	JUNE 30, 2022	JUNE 30, 2021
	(IN RUPEES)	
NET CURRENT ASSETS		
Property and equipment	130,446	144,941
CURRENT ASSETS

TOTAL	490,213	497,950

In support of the above state of affairs, the comparative operational results for 2022 preceding financial year 2021, showing a deficit for the year under review depicted the following position.

	JUNE 30, 2022	JUNE 30, 2021
	(IN RUPEES)	
INCOME	1,057,349	1,061,167
EXPENDITURE	1,065,086	1,023,174
SURPLUS	(7,737)	37,994

COMPLIANT STATUS OF THE CHAMBER

CORPORATE & TAXATION

KTCCI - the Chamber is invariably vigilant regarding its role as a corporate compliant entity as far as its corporate legal obligations under the Companies Act, 2017 coupled with requirements of DGTO, Islamabad are concerned. Likewise, the Chamber is performing an excellent role as a withholding agent as well as an ACTIVE filer under the relevant provisions of the Income Tax Ordinance, 2001.

In addition thereto, **and of course**, KTCCI is in good-books of FPCCI and other associate trade bodies and CEOs/Chairman of Water and Sanitation Services Company Limited, Kohat and renowned entities operating in Kohat.

SAFETY, HEALTH & ENVIRONMENT

The Chamber has provided safest & healthiest working environment and in this regard, has portrayed as one of the excellent Chambers in the country. Likewise, the Chamber's conferences rooms and halls meant for meetings of the dignitaries and members are exemplary and well maintained.

HUMAN RESOURCE

KTCCI had on its payroll some most essential employees because the Chamber's scanty resources at present, cannot afford employing additional HR otherwise required for the promotion of the trade and business community. Undoubtedly, HR contribution towards achievement of the promotional objectives cannot be undermined, and hence the role of the Secretary General and that of the Finance & Administration Managers are worth quote. Secretary General of the Chamber together with his team assisting in accomplishment of routine and special events has proved to be an asset for the office bearer lead by President, KTCCI.

SUNDRY ROLES:

Amongst various committees to facilitate and regulate members' matters, the Chamber has formed certain committees to manage matters relating to competitive products in conformity to the international standards and to meet the local regulatory requirements besides handling matters of quality review including but not limited to ISO certifications. KTCCI has partnered with compliance and performance improvement specialists to focus Business Keys to help understanding technical regulations and standards the members need to know and to secure international certifications.

PROBLEMS FACED BY WOMEN ENTREPRENEUR IN KOHAT

The President, KTCCI formed a specific committee on matters concerning uplift of the Women Entrepreneurs working in Kohat Region. It may be recalled that Macro think Institute sometime back in year 2012, conducted a detailed reporting on problems being faced by Women Entrepreneurs in Kohat aiming to find out different problems faced by them in Kohat City. Considering that particular exercise and the experience of the Chamber in general, the Chamber is of the view that Women entrepreneurs do not operate in isolation rather they work under the same macro, regulatory and institutional framework as their male counterparts in a free market mechanism in Pakistan. But it is necessary to dig deeper to understand the gender biases embedded in society which limit women's mobility, interactions, active economic participation and access to business development services.

The Chamber's experience also witnesses that in Pakistan, especially in Kohat Region, women entrepreneur faces gender base discrimination and as a result, the business conditions are not favorable for women in male dominated society, like dealing with men is difficult for women, lack of protection etc. The women entrepreneur in Kohat could be narrowed down in houses in embroidery and knitting, ready-made garments, hand-made chappals, beauty parlors, tuition centers both for Islamic and Modern Education.

The Chamber's recommend a detailed survey to be carried out for which the Chamber has approached SMEDA (Small & Medium Enterprises Development Authority), Peshawar for providing support whatever they can in exploring requisite survey and for creating awareness in women itself. Chamber believes that women entrepreneur should have enough information about their rights, business, skills, marketing knowledge and easy access to financial capital and must have strong networking and representation.
